ABOUT US

WHO WE ARE

The strength of our organization & its DNA is derived from Mr. Yves Réquillart, Chairman & Managing Director- M/S SORELEX – France, the first European safety shoe supplier to the Gulf Countries way back in 1970s. All our synergies were successfully coordinated and paved the way for crafting our first safety shoe in 1994. Since then we have continued to grow to over **137+ models in 23+ registered brands**, covering the whole range of professional collections majoring with **HIGH ANKLE, MID ANKLE, LOW ANKLE, LOW WEIGHT, SPORTS COLLECTION, RIGGER, METALLIC, 100% NON-METALLIC & WATER REPELLENT.**

"While I was in my thirties an experienced businessman told me:
Easy to find business minded people,
Easy to find honest people but...
Difficult to find people who share both these qualities - They are very few...
Personally I believe that Thomas Koyat belongs to this rare category and this is one of the main reasons why he brought FOURESS to success."

Mr. Yves Réquillart
Author & Philanthropist

Ex- Chairman & Managing Director
M/S SORELEX – France,
ALLSAFE Ltd. U.A.E.

OUR STRENGTH

Understanding the growing demands of today's workforce, we have ergonomically crafted all our safety shoes by ensuring 100% precision in terms of the **4Ss - SAFETY, STYLE, STRENGTH & SUBSTANCE** on which FOURESS stands. Our integrated infrastructure includes Design & Development facility in Sharjah SAIF ZONE, Manufacturing facility in Italy and China, centralized logistical location in Sharjah SAIF ZONE, Sharjah Industrial Area No.18, Al Quoz Industrial No. 3, and Ajman Industrial Area No.1, which holds more than **600,000+ pairs** of Safety Shoes across our whole range of **137+ stylish models in 23+ registered brands.** We promise to deliver / dispatch every order within 24 hours as a part of our mission statement.

OUR SUBSTANCE

Our designer showrooms showcase shoes of each category recommended to be used in **17 DIFFERENT HAZARDOUS WORKPLACES.** We have the widest range in terms of Price, Technical Superiority, Safety Norms, Design, Style and Look in line with your Fashion Statement. Our management system focuses on Quality at every stage of Design, Raw material procurement, Production process, Packing and even Storage. This has helped us to maintain highest percentage of quality and consistency by registering close to 0% complaints in the market. These achievements are being made possible by synergizing Creativity, Passion and Workmanship.

"It's not being loud,
but being silent.
It's not getting away with a smile.
but accepting the fault.
It's not assuming leadership
but earning it.
It's not becoming the leader,
but always being one."

Thomas Royat

Chairman & Managing Director
FOURESS SAFETY GROUP.

PERFORMANCE GUARANTEE Certificate FOR SAFETY SHOES

The Performance Guarantee for Safety Shoes is Six Months + an additional extended guarantee for Six more months can be provided from the date of manufacturing. This guarantee is fully covered by the manufacturer's instructions to use, mainly not to use in/soak in water, soak with lime / chemical / cement water etc... as the leather used is original & breathable. The sole is made of PU, which is resistant to Oil/Acid & Alkali. Even though the sole (PU area) has a resistance to with stand any such working condition, enough care should be taken by the user to protect the leather (upper part of the Shoe). This will protect the vulcanizing /moulding area which are normally very sensitive and weak.

We are sure that the above clarifications are clear expressions to understand the "Guarantee Terms." "We as a manufacturer, assure you that our guarantee of Six Months + an additional extended guarantee for Six more months will surely cover your risk, in return, we need you to leave necessary instructions to your users to take care of the shoe from all the above mentioned adverse conditions.

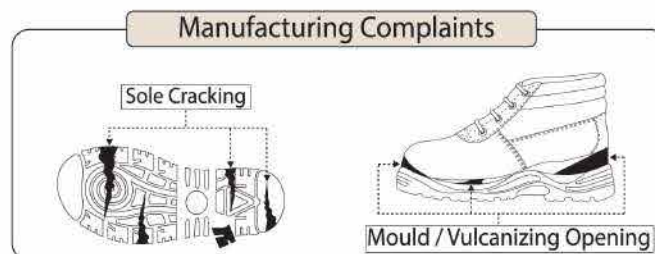

Thankyou once again for your trust & confidence on us.

Looking forward to receive your continuous patronage,

FOURESS SAFETY SHOES Co. FZC.
